Staff news: New plant manager at Heytex Neugersdorf

Bramsche/Germany July 2022

At #heytex, we believe that characters drive our brand forward.

We are therefore pleased to introduce Thomas Schiller as the new plant manager for our factory in Ebersbach-Neugersdorf.

Thomas Schiller has been part of the Heytex family since April 2022 and brings with him many years of experience from various industrial sectors.

In his new role as Plant Manager of the Heytex Neugersdorf plant in Ebersbach-Neugersdorf in Saxony, the qualified Dipl. Ing/Dipl. Wirtsch. Ing/MBA Thomas Schiller wants to further prioritize safety in production processes. In addition, his focus is on the topics of sustainable profitability and recycling management.

In his new role as plant manager, he is responsible for the entire production chain at the Neugersdorf site, an area with which he is already familiar from previous positions.

"A good climate, everyone pulling together and making the most of our potential for improvement, that's particularly important to me," says Schiller.

We are looking forward to the next steps! Welcome to the team!
